Grade Sheet for Lab #2

Group Number: _____7_____

Group Member Name: _____Taeho____Lee____

Group Member Name: _____Andrew___Lawther_____

Student Number: _260633759___

Student Number: _26085 9337__

Marks		
1.	VHDL code for the *64:6 encoder* circuit	2
2.	Simulation of the *64:6 encoder* circuit	2
3.	VHDL code for the *keyboard encoder* circuit	2
4.	Simulation of the *keyboard encoder* circuit	2
5.	VHDL code for the *7 segment decoder* circuit	2
6.	Simulation of the *7 segment decoder* circuit	2
7.	Testing of the *7 segment decoder* circuit on the DE1 board	2

_____

TA Signatures

Each part should be demonstrated to one of the TAs who will then give a grade and sign the grade sheet. Grades for each part will be either 0, 1, or 2. A mark of 2 will be given if everything is done correctly. A grade of 1 will be given if there are significant problems, but an attempt was made. A grade of 0 will be given for parts that were not done at all, or for which there is no TA signature.
